This beautiful country house - built in 2012 - has a large garage with workshop (approx. 45 m²), a guest flat (approx. 45 m²) with living room and open-plan kitchen, a shower room and a separate large terrace. The living space is approx. 90 m². There are 2 bedrooms and 2 bathrooms (one en-suite) and an open-plan kitchen - very smart and only 3 years old. A large terrace of approx. 30 m² with marvellous views of the mountains as far as Málaga and the Sierra Nevada is accessible from the living room, another terrace is located behind the building. There is a private well and a large underground tank with a capacity of 11,000 litres for drinking water in case the groundwater is insufficient. A small pool - not heated, no air conditioning and no heating - just a fireplace in the living room. The plot measures approx. 3,500 square metres and is planted with olive trees, lemon trees, vines, almond trees, etc.
