Located in one of the most desirable areas of Elviria, East Marbella, this stunning contemporary villa offers unparalleled luxury and comfort at every turn. Built with the finest materials and equipped with the latest technologies, this property is the epitome of modern living.

Entrance Level:

The entrance level consists of a private, self-contained 1-bedroom apartment, 2 guest bedrooms with en-suite bathrooms, and an office space. There's a 4-car garage with an electric car charging point, 2 large storage rooms, and a technical room housing all the villa's machinery.

Upper Level:

Access to the superior level is via a unique spiral staircase or an elevator with a 4-person capacity. This level opens into a spacious open-plan living, dining, and kitchen area that leads out to a partially covered terrace, heated pool, and outdoor kitchen. The entire exterior terrace is designed as a "floating terrace," allowing rainwater to flow beneath the surface and be collected in a water reservoir for reuse in irrigation.

Also on this level is the master bedroom, featuring a walk-in closet, his and hers wardrobes, and a large en-suite bathroom. This floor offers stunning south and southwest views toward Marbella, providing breathtaking scenery from every angle.

State-of-the-Art Features Include:

Gaggenau Kitchen: Featuring an induction hob and gas cooktops, 2 ovens (one conventional and one steam), and a separate plate warmer. An ideal setup for gourmet cooking and culinary enthusiasts.

Polished Concrete Floors: These unique floors extend throughout the villa, including the spiral staircase, adding elegance and modernity to every space.

Underfloor Heating: Powered by a water pipe system, ensuring optimum comfort throughout the year.

34 Solar Photovoltaic panels which take care of practically all the electricity needs of the property.

Electric Blinds & Mosquito Nets: All windows and sliding patio doors are equipped with electric blinds and integrated mosquito nets, offering both comfort and functionality at the touch of a button.

Heated Saltwater Pool: The 14-meter long pool is designed for year-round enjoyment and comes with a quality cover to minimize maintenance.

Upgraded Jacuzzi with Hydrospace: An enhanced spa experience for ultimate relaxation.

Pellet Stove Fireplace: Installed in the living area, offering a warm and cozy atmosphere in the cooler months.

Infrared Sauna: Perfect for improving both physical and mental well-being.

Water Softener: Ensures pure, high-quality water throughout the house, protecting all appliances.
