The house needs reform but you can move in immediately since it currently consists of 3 houses: a fully equipped apartment with kitchen, bathroom, living room and 1 bedroom on the ground floor and right wing of the house. It has access to a large front terrace. In the central part we find another complete house with an entrance hall, equipped kitchen, living room, 3 bedrooms and 2 bathrooms, it has access to the back of the house where there is a garden area.

Finally, on the 1st floor of the left wing of the house, there is access to an open-plan area of ??more than 100 m<sup>2</sup>, still to be finished, with an elegant tower and 4 large terraces that surround the entire space. Ideal to create another loft-style home, it has a lot of potential. From there the views are beautiful.

In addition, the house has a very large garage with more than 80m<sup>2</sup>, fruit trees and plenty of outdoor space. It has space to build a pool and has its own water well. The plot is urban and has all municipal services.
