

Detached Villa in Mijas

Price **€ 1,600,000**

Bedrooms	4
Bathrooms	4
Build Size	215 m²
Terrace	300 m²
Plot Size	2515 m²

¡ OPPORTUNITY! 4 BED/ 4 BATH, Renovated & Reengineered Finca - Below Mijas Pueblo

A fully re-engineered lifestyle property set on approximately 2,000m² of urban land just minutes from Mijas.

Pueblo, offering a rare combination of privacy, flexibility and future potential.

Far more than a conventional villa, the estate has been thoughtfully designed across multiple independent spaces — ideal for private living, multi-generational use, wellness concepts, retreats, creative workspaces or income-generating accommodation.

The main residence features two en-suite bedrooms, open-plan living and dining, a modern kitchen, underfloor heating, smart home technology, zoned central air conditioning and full-width folding doors opening onto expansive terraces and the pool area. Every element has been carefully considered for comfortable year-round living with a clean, contemporary finish throughout.

In addition to the main house, the property includes a fully independent guest casita and a substantial Wellness Pavilion currently used as a yoga studio. Both spaces include bathrooms, hot and cold air conditioning and pre-installation for kitchenettes, creating exceptional versatility for guests, staff accommodation, private studios, treatment rooms, fitness space, coaching, business use or additional independent accommodation. The Wellness Pavilion also benefits from underfloor heating.

The outdoor areas have been extensively engineered and landscaped, with significant excavation, retaining works, topographical surveys and infrastructure upgrades already completed. The heated swimming pool includes an advanced automatic refill and emptying system, thermal cover and dedicated plant room with high-spec equipment and benefits from non-slip exterior pool tiling. The levelled urban plot also benefits from multiple access points, mains sewage connection with two new pump systems, mains water supply with storage reserves, and all registered works in place.

Newly constructed elements including the pool and studio are progressing through First Occupancy Licence (LPO) procedures, while the original house is undergoing AFO regularisation. A bilingual architect is available to assist with technical or planning enquiries. With no community restrictions and potential for further development or subdivision subject to planning approval, this is a highly adaptable property suited to discerning buyers seeking something

beyond the standard residential offering on the Costa del Sol.
